PERSONAL DETAIL

Full name Jin Lian
Date of birth July 16th 1987
Nationality Chinese

WORKING EXPERIENCE

2012-present **Ph.D. researcher**, *University of Twente*, Enschede.
Expected finalization July 2016
Topic: Nanophotonic resonator arrays
2012-present **Teaching Assistant**, *University of Twente*, Enschede.
Bachelor course: Special Relativity
Master course: Nanophotonics

Education

2009-2012 **Master of Science**, *Institute of Physics, Chinese Academy of Sciences*, Beijing, China.
Thesis topic: Magneto-optical photonic crystal waveguide
Publication: "*Robust and disorder-immune magnetically tunable one-way waveguides in gyromagnetic photonic crystal*", J. Lian et.al. *Physical Review B* **85** 125108 2012
2005-2009 **Bachelor of Science**, *University of Electronic Science and Technology of China*, Chengdu, China.
Honor: Outstanding graduation

AWARDS and Honors

2006-2008 National Scholarship $\times 3$ (Awarded to %0.2 of the Chinese students)
2009 Exam free entrance to Master's study in Institute of Physics, Chinese Academy of Sciences

SKILLS

Optics Design and build up optical setup, experienced in using Spatial Light Modulator (SLM) and diode lasers
Programming Matlab, Labview
Software COMSOL, MEEP, MPB, Blender, CorelDRAW

Operating system Linux (Ubuntu)

Language English (Fluent), Chinese (Native)

OTHER INFORMATION

Interest Music, reading, traveling, making jokes

Personality Friendly, honest, curiosity-driven, persistent
